Any lot owner who is not "in- good-standing" forfeits all rights to utilize the entrance gate or the recreational facilities (Common Ground) within the Rogue Creek Valley Subdivision, as well as the right to vote at meetings and elections held by the Trustees of the development.

Section 1.24 "Primary Lot Owner" In some instances there may be multiple names recorded as owners for a lot(s) within the development. The Trusteeship will consider the first name which appears in the Washington County tax records as the Primary Lot Owner. Should multiple lot owners want a different person assigned as Primary Lot Owner they may apply to the County Recorder's Office for a change in the order of names as listed in their records. Notice of Trustees meetings, lot owners' meetings, assessments due or any other such written notice will be mailed to the last known address of the Primary Lot Owner only. - "Friends" are defined as non-immediate family members or people not related to the Primary Lot Owner, as defined above, but are visiting the development at the invitation of the Primary Lot Owner for the purpose of recreational activity. Friends have the same recreational rights as family as long as they are attended by a lot owner. Friends may not visit the development unless a lot owner representing them is on the property.
- "Visitors" are defined as people who visit the development at the specific invitation of the Primary Lot Owner for the purpose of maintenance, delivery, sales, repairs and other such common services as are regularly required. Visitors have no rights to the recreational facilities of the development. Their activities shall be limited to the lot or lots of the Primary Lot Owner and the right to use the roadways of the development as it is necessary to enter upon and exit from the lot on which the activities are to be done. Visitors are not permitted to be on the premises between 6pm and 6 am without special permission from the Board for each instance and the primary lot owner representing them is also required to be on the property for the duration of such a special exception.

Section 1.26 "Renters and Purchasers"

Rogue Creek Valley does not permit renting lots, dwellings, structures, or any other type of rental, to include no lease to purchase contracts. Persons purchasing lots or homes on installments have no rights to the recreational facilities of the development, unless they are the recorded owner of record with the Washington County Recorder of Deeds, since these facilities are specifically reserved for lot owners, their family and friends until the purchase is finalized. Should all the owners of record of a lot or property appeal in writing to the Trustees, relinquishing all rights to the facilities, and give them over to a purchaser of their property and should the assessments on said property be fully current, the Trustees may elect to recognize the rights of the purchaser to the recreational facilities of the development.

- Lake 1 (Platted as "Four Winds") shall contain only be Site-Constructed Residences and Double-Wide Mobile Homes. If a Recreational Vehicle is placed on a Lot for temporary use, the wheels must remain intact and in view. No Recreational Vehicle is allowed to be used as a permanent residence.
- Lake 2 (Platted as "Lake Westwood") shall have Site-Constructed Residences, Single-Wide Mobile Homes, and Double-Wide Mobile Homes. If a Recreational Vehicle is placed on a Lot for temporary use, the wheels must remain intact and in view. No Recreational Vehicle is allowed to be used as a permanent residence.

There shall be no permanent Residences constructed in the Camp Ground area; however, upon written request from an Owner, the Board may consider and grant the placement of one storage unit per Lot.
- An additional Recreational Vehicle of a guest of the Owner may be temporarily placed on the Owner's Lot, but will not be allowed to remain for more than thirty (30) days in any calendar year. The Owner is responsible for their guests' compliance with all restrictions of these Amended Indentures, the Bylaws and the Articles.

Section 5.6 Building Composition

The exterior walls of all structures shall be of wood (including exterior hardboard), pre-painted aluminum or vinyl siding, brick, rock or stone and of good workmanship. If the exterior is wood, the same shall be painted, sealed or stained. The use of any other materials for outside exterior walls shall not be permitted without first obtaining written and recorded consent of the Board. The foundation of all Residences or additions to Residences shall be enclosed with concrete or concrete blocks; any other material is prohibited unless written approval for its use is obtained from the Board. Outbuildings need to be maintained and not in disarray or contain any graffiti. Shipping containers are restricted to a maximum of 40 foot. Outbuildings that are unsightly or not painted will be subject to written warning with a specified timeframe for completion; if the unit remains unsightly after the expiration of the warning, the Board may take steps to remedy the situation and charge the lot owner for the cost of remediation.

Section 5.7 Mobile, Modular and Prefabricated Buildings and Homes

No mobile home, prefabricated building, modular home, or other such structure having an original date of manufacture of more than 60 months prior to the date of installation shall be allowed to be placed on any lot without prior board approval.

Section 5.8 Repair and Maintenance of Buildings

No building, residence or structure within any Lot shall be permitted to fall into a state of disrepair and the same shall at all times be kept in good condition and repair and adequately painted. The Board may determine violations of this Section to constitute a nuisance in accordance with Section 5.18 and be subject to remediation by the Board. The cost of such remediation or restoration of the Lot by the Trusteeship shall be assessed against said Lot in the same manner as other assessments. (See Section 6.6).

Section 5.9 Setbacks

On Lakes 1, 2 and 3, the setbacks from any permitted structure or residence shall be ten (10) feet from the front and rear lot line and five (5) feet from either side line. In the Camp Ground area, the setbacks for any permitted storage building or any Recreational Vehicle shall be twenty feet from the front of the lot line, fifteen (15) feet from the rear lot line and six (6) feet from either of the side lot lines. The setbacks from any permitted structure or residence shall be ten (10) feet from any roadside.

Section 5.10 Appearance of Grounds

Each Owner shall keep all shrubs, trees, grass and plantings of every kind within its respective Lot neatly trimmed, properly cultivated and free from trash, excessive weeds and other unsightly material. The Board may determine violations of this Section to constitute a nuisance in accordance with Section 5.18 and be subject to remediation by the Board. The cost of such remediation or restoration of the Lot by the Trusteeship shall be assessed against said Lot in the same manner as other assessments. (See Section 6.6)

Section 5.11 Building Destruction

In the event any Residence is destroyed and repairs thereon do not begin within three (3) months from the date of such destruction, the Board may elect to have the debris removed and the lot restored to the original grade, unless owner can show that the delay is strictly because insurance settlement is pending. Such action by the Board shall require ten (10) days written notice to the last record owner of said lot that the debris may be removed at the cost to the Owner. The cost of such removal and restoration of the lot shall be assessed against said Lot in the same manner as other assessments.

Section 5.12 Signs

No commercial advertising signs of any kind may be displayed to the public view. Lot owners wishing to market a legally saleable item may erect one sign of not more than eight (8) square feet advertising the item for sale and must remove said sign when item is sold.

Section 5.13 Animals

No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot for consumption, sale, or commercial use with the exception of chickens. Property owners in good standing may request purchase an annual permit from the Board to house up to 10 laying hens (no roosters) in an approved coop and well-maintained fenced run on their property. Allowing the birds free-range (running loose) will not be tolerated, nor can they be allowed to disturb neighboring homes. A board member will inspect the coop and run prior to warding a permit. If they do not meet the stated requirements, the permit will not be issued/renewed. If the birds escape their confinement, a warning will be issued. A second instance of your chickens being loose will result in a ticket and fine, doubling in cost for each reassurance. Domesticated dogs, cats and other similar pets may be kept, provided they are not held, bred or maintained for any commercial purpose. No dog, cat or other household (domestic) pet shall be permitted by an Owner to be off the lot of the Owner unless on a leash and controlled by some person physically able to prevent the animal from escaping. Absolutely no domestic animal is permitted to roam freely in the community at any time, and failure to secure said animal will constitute a violation of these Indentures. Trusteeship shall have the right to remove or cause the removal of said animal

from the premises until such time as sufficient restraining devices are in place upon owner's lot to secure animal from escaping.

Section 5.13.1 Vaccinations

Any animal permitted to be kept in the community must be fully vaccinated at all times, and upon request by the Trusteeship, owner must be able to produce proof of same. Violation of this provision will result in the immediate removal of said animal from premises without recourse until such time as sufficient vaccinations are obtained and proved.

Section 5.14 Waste Disposal

All water and sewage from Residences shall be disposed of through a sanitary wastewater removal system. An outside chemical toilet or latrine shall only be permitted with permission of the board on a temporary basis on any lot in the Property and no Owner shall allow sewage or effluent to be discharged onto the surface of any lot, adjoining property or beneath the surface of any lot.

Section 5.15 Parking

No motor vehicle, including but not limited to cars, trucks, trailers, boat trailers, boats, recreational vehicles, off-road vehicles or other similar vehicles shall be permitted to remain on any lot on the Property unless such recreational vehicles are parked behind the building line.

Section 5.16 Placement of Recreational Vehicles

The equivalent of one Recreational Vehicle (camper) may be located on any lot at any time without written prior permission from the Board, for occasional, temporary habitation (defined as less than 30 calendar days in a year), and may not be used as a permanent residence. An additional Recreational Vehicle of a guest of the Owner may be kept on the Owner's Lot, but will not be allowed to remain on the property for more than thirty (30) days in any calendar year. The Owner is responsible for their guests' compliance with all restrictions of these Amended Indentures, the Bylaws and the Articles.

Section 5.17 No Businesses

No commercial, industrial, mining or mercantile undertaking of any business of any type whatsoever may be conducted within the said lots of this Property. No automobile, motorcycle, machinery of any kind may be dismantled, assembled, repaired or worked on in any manner upon any lot on this Property unless such automobile, motorcycle, or machinery are the property of the Owner.

Section 5.18 Nuisances

No rubbish or debris of any kind shall be placed or permitted to accumulate upon or adjacent to any Lot. No odors or noxious fumes shall be permitted to emanate therefrom so as to render any Lot, or portion thereof, unsanitary, unsightly, offensive or detrimental to any other Lot or its occupants. Without limiting the generality of the foregoing, no exterior speakers, tools, equipment, excessive exterior lights, horns, whistles, bells or other sound devices, except those designed solely for security purposes, shall be used after quiet hours. 12 midnight to 5am.

Section 5.19 Admission via Entry Gate

The members of the Trusteeship voted to install and maintain an electronically controlled gate at the entrance to the property. Entry codes are assigned to lot owners in good standing and records of same are maintained by the gate operations company and committee. Owners are responsible for the safe-keeping of their gate code and are deemed in violation of these Indentures when their assigned code is shared with non-compliant owners or trespassers. Codes are subject to shut-off as remediation, as detailed below. If an owner's code is suspended, access to their property will be on foot only until such time as the suspension is lifted.

Section 5.20 Remedies for Violations

In the event that an Owner is found to be in violation of any of the provisions of the By-Laws or Indentures, the Board shall issue written notice of same to remedy the infraction. If the Owner chooses to disregard the notice and fails to remedy the violation, the Board is charged with taking whatever action is deemed

necessary to remove or remedy the infraction, and the cost of such remedy shall be levied against the Owner in the same manner as any other assessment.

Notwithstanding anything to the contrary herein, the Board shall have sole discretion to determine whether any condition or circumstance constitutes a violation of any section of this Article 5. Any such Board decision shall be conclusive. If the Board determines that a violation exists, it shall provide written notice to the Owner setting forth the violation and the expected time frame for remediation. Upon expiration of the time frame outlined in the Board's notice of violation to the Owner, the Board may elect to:

- Enter upon such Owner's Lot and proceed to remedy or remove the violation and assess all such costs related thereto to the Owner, which shall be deemed as a special assessment to such Lot(s);
- Cause an authorized agent to enter upon such Owner's Lot and proceed to remedy or remove the violation and assess all such costs related thereto to the Owner, which shall be deemed as a special assessment to such Lot(s); or
- Assess a fine against such Owner's Lot every thirty days that shall accrue until such time as the violation is remedied or removed.
- Suspend the use of an Owner's Gate Code for:
 - a) unauthorized use of an assigned code
 - b) non-payment of assessments or fines
 - c) damage or vandalism of the gate, gate house, entrance area, or common grounds

ARTICLE 6: ASSESSMENTS AND ENFORCEMENT

Section 6.1 Obligation and Lien for Assessments

The Trusteeship, for each Owner within the Property, hereby covenants, and each Owner of any Lot by acceptance of a deed thereof, whether or not it shall be so expressed in such deed, is deemed to covenant and agrees to pay to the Trusteeship

- a regular assessment or charge, billed annually, per-lot, and
- special assessments to be established and collected as hereinafter provided.

The regular and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the Lot against which such assessment is made. Each such assessment, together with interest, costs and reasonable attorney's fees, shall inure to the lot itself and shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due, and shall pass to any subsequent property owner. The Trusteeship may cause to be recorded in the Office of Recorder of Deeds a statement of delinquent assessment; such statement to contain a legal description of the property upon which the assessment is made, the amount delinquent, and the Owner or Owners of said property, but election or failure to record such statement shall not infringe upon or limit in any way Trusteeship's right to collect any unpaid assessment and/or fee(s).

Section 6.2 Purpose of Assessments

The annual assessments levied by the Trusteeship shall be used for the maintenance, repair and upkeep of the Common Areas and for promoting the general benefit, recreation, health, safety, property values and welfare of the Owners. The purpose of the assessment shall include provisions for:

- Improvement, construction, repair, maintenance, care, upkeep and management of the Common Areas and the improvements thereon;
- Payment of any taxes and assessments by any governmental agency;
- Payment of insurance premiums on the Common Areas and any improvements thereon;
- Payment of professional fees and services for the day-to-day operation of the Trusteeship;

- Payment of all other costs and expenses related to the management and maintenance of the Common Areas; and
- Maintain the lakes and dams established within the Property.

Nothing contained herein shall limit the Trusteeship's right and powers granted in this Article or elsewhere in these Amended Indentures and the Bylaws.

The assessments may not be used for legal fees, court costs, purchase, or lease or the repair, maintenance or replacement of any equipment of any utility or service providers.

Section 6.3 Annual Assessments

All Lots shall be subject to an annual assessment in order to provide the Trusteeship with a general fund with which to exercise its powers, maintain the Common Areas and improvements located thereon, and to render the services provided for herein. The annual levy amount can only be increased by voted approval of the majority of the lot owners in good standing. Any future automatic incremental increase authority granted by vote of the membership shall be incorporated as an amendment to these Indentures.

Section 6.4 Special & Other Assessments

In addition to the annual assessment provided for in Section 6.3 above, the Trusteeship may levy a special assessment for capital improvements to the Common Areas or for such purposes as the Board may recommend and any special assessment levy shall require the approval, by balloted vote, of a simple majority of the lot owners in good standing.

Section 6.5 Remedies

In the event any owner fails to pay any assessment when due (a "Delinquent Owner" no longer in "Good Standing"), the Trusteeship may take such action as the Board may determine necessary for collection of same, including suit for collection and foreclosure of the lien for assessments provided for herein. In the event the Board employs an attorney for collection of any unpaid assessment or foreclosure of such lien, the Delinquent Owner shall pay all reasonable attorney fees and costs of collection or foreclosure incurred by the Trusteeship in connection therewith in addition to the amount of unpaid assessments. Each assessment that remains unpaid for a period of more than thirty (30) days shall, at the election of the Board, bear interest at the rate of eighteen percent (18%) per annum. The remedies provided for herein are not exclusive and are in addition to any and all other remedies available at law or in equity.

Section 6.6 Foreclosure of Lien

By accepting a deed to an Owner's respective Lot, each Owner acknowledges that a continuing lien with power of sale is thereby created for securing payment of any and all assessments due with respect to such Lot, together with any and all interest accrued upon a delinquent assessment and all costs of collection, including all reasonable attorney fees incurred by the Trusteeship for collection of such delinquent assessment or foreclosure of lien provided for herein.

At any time after thirty (30) days from the date any assessment shall be due, the Board may, but shall not be required to, make written demand for payment to the Delinquent Owner, setting forth the amount due. If such amount is not paid within ten (10) days after delivery of such demand, the Board may then cause a Notice of Delinquent Assessment to be recorded in the Office of the Recorder of Deeds for Washington County, Missouri. The Board shall deliver a letter advising of the Notice of Delinquent Assessment to the then Owner of such Lot. The Notice of Delinquent Assessment shall be executed and acknowledged by a member of the Board and shall state the following:

- The name and last known address of the Delinquent Owner;
- The legal description and street address of the Lot to which such delinquent assessment pertains;
- The amount due as of the date such Notice of Delinquent Assessment is executed and acknowledged; and

- That a lien exists against the Lot in favor of the Trusteeship pursuant to these Amended Indentures for which the Trusteeship may foreclose pursuant to the power of sale granted herein.

Following recordation of the Notice of Delinquent Assessment, the Board may proceed with foreclosure of the lien provided for herein in the same manner as provided by the laws of the State of Missouri for foreclosure of a deed of trust with power of sale, or by appropriate action for judicial foreclosure and sale. At any such sale, the Trusteeship may purchase the Lot and the Delinquent Owner shall remain liable for any deficiency resulting from any sale by foreclosure.

Section 6.7 Subordination of Lien for Assessments

In accordance with Section 448.3-116 R.S. Mo, this assessment is prior to all other liens and encumbrances on a unit, except, in part:

- 1) Liens and encumbrances recorded before the recordation of the Trusteeship declaration;
- 2) Any mortgage or deed of trust securing a purchase money loan for the unit recorded prior to August 28, 2014; and
- 3) Any mortgage or deed of trust on a unit recorded before the date on which the assessment sought to be enforced became due, except that a lien under this section has limited priority for common expense assessments in an amount not to exceed six months of delinquent common-expense assessments, which would have become due in the absence of acceleration during the six months immediately preceding the date of filing a petition to enforce the Trusteeship's lien or the date of sale by the holder of a mortgage or deed of trust.

No sale, grant of a deed of trust or mortgage, or other transfer of any interest in any Lot shall relieve such Lot from liability for any assessments then or thereafter becoming due or from the lien therefore.

ARTICLE 7 CORPORATE STRUCTURE, DUTIES, AND LIABILITIES

Section 7.1 Organization

The Trusteeship shall be a not-for-profit corporation organized and existing under the general not-for-profit corporation law of the State of Missouri, charged with the duties and invested with the powers prescribed by law and set forth in the Articles, Bylaws, these Amended Indentures and any amendments thereto. Neither the Articles nor the Bylaws shall, for any reason, be amended or otherwise changed or interpreted so as to be inconsistent with these Amended Indentures or any amendments thereto. A Board of Trustees and such officers as the trustees may elect or appoint, in accordance with the Articles and the Bylaws, shall conduct the affairs of the Trusteeship.

Section 7.2 Powers and Duties of the Trusteeship

The Trusteeship shall have such rights, powers and duties as set forth in the Articles and Bylaws.

Section 7.3 Rules

By majority vote of the Board, the Trusteeship may from time to time and subject to the provisions of these Amended Indentures, adopt, amend, and repeal the Rules and Regulations covering the use of any Common Area by any Owner, by the family of such Owner, or by any invitee, licensee or lessee of such Owner; provided, however, that such rules may not discriminate among Owners and shall not be inconsistent with these Amended Indentures, the Articles or Bylaws. A copy of such rules as they may from time to time be adopted, amended or repealed shall be made available on the Trusteeship website. Upon enactment, said rules shall have the same force and effect as if they were set forth in and were part of these Amended Indentures.

Section 7.4 Personal Liability

No member of the Board or any committee of the Trusteeship, or any officers of the Trusteeship, shall be personally liable to any owner, or to any other person or entity, including the Trusteeship, for any damage, loss or prejudice suffered or claimed on account of any act, omission, error, or negligence by the Trusteeship, the Board or any other representative or employee of the Trusteeship, or any committee or any officer of the Trusteeship, provided that such person has, upon the basis of such information as may be possessed by such person, acted in good faith without willful or intentional misconduct.

ARTICLE 8 GENERAL PROVISIONS

Section 8.1 Enforcement

The Trusteeship or any Owner in good standing shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of these Amended Indentures and any subsequently recorded amendment thereto. Failure by the Trusteeship or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 8.2 Severability

Invalidation of any one of these covenants or restrictions by judgment or court order shall not affect any other provisions that shall remain in full force and effect.

Section 8.3 Amendment

(a) The covenants and restrictions of these Amended Indentures shall run with and bind the land, for a term of thirty (30) years from the date of these Amended Indentures is recorded, after which time they shall be automatically extended for successive period of ten (10) years unless otherwise amended as herein provided or terminated by an affirmative majority vote of the Lots;

(b) No amendment shall be effective until it is recorded in the Deed Records of Washington County, Missouri.

Section 8.4 Violations and Nuisances

Every act or omission whereby any provision of these Amended Indentures is violated in whole or in part is hereby declared to be a Nuisance and may be enjoined or abated, whether or not the relief sought is for negative or affirmative action by the Trusteeship or any Owner. However, any other provision to the contrary notwithstanding, only the Trusteeship, the Board or their duly authorized agents may enforce by self-help any of the provisions of these Amended Indentures.

Section 8.5 Violation of Law

Any violation of any state, municipal or local law, ordinance or regulation pertaining to the ownership, occupation or use of any property within the Property is hereby declared to be a violation of these Amended Indentures and subject to any or all of the enforcement procedures set forth in said Amended Indentures.

Section 8.6 Delivery of Notices and Documents

Any written notice or other document relating to or required by these Amended Indentures may be delivered either personally, electronically, or by mail. If by mail, it shall be deemed to have been delivered twenty-four (24) hours after a copy of same has been deposited in the United States Postal Service First Class mail, postage pre-paid, as to any owner, to the address of any lot within the Property, owned, in whole or in part, by him or her, or to any other address last furnished by an Owner to the Trusteeship. Failure of the Owner to receive any such notice or document, whether due to incorrect or insufficient addressing, relocation, or any other reason, does not constitute a violation of fiduciary duty for the Trusteeship, and will not render any owner exempt from any assessment or citation.

Section 8.7 The Amended Indentures

By accepting a deed or by acquiring any ownership interest in any of the real property included within the Trusteeship, each person or entity, for himself, herself or itself, and their heirs, personal representatives, successors, transferees and assigns, binds them and the subject lot(s) to the covenants, conditions, rules and regulations now or hereafter imposed by these Amended Indentures and any amendments thereto. In addition, each such person by so doing thereby acknowledges that these Amended Indentures sets forth a general scheme for the continued improvement and maintenance of the real property covered thereby.
